

MANICALAND CYCLONE IDAI PROGRESS REPORT AS AT 25 MARCH 2019

1.0 Introduction

The report focuses on Search and Rescue, Relief and Psycho-Social Support, Roads and Bridges, Health, Transport, Shelter, Wash, Education, Power and Agriculture together with infrastructural related damages to telecommunication, industry and commerce, power among others.

2.0 SEARCH AND RESCUE COMMITTEE

2.1 Search and Rescue Operations

- The major affected areas are Ngangu, Kopa, Muchadziya, Machongwe and Vhimba in Chimanimani District.

- Search and rescue operations are continuing and we are now in the 2nd phase of searching for missing people. The affected areas have been divided into 3 sectors, where each team will conduct searches in their areas of responsibility.

-At Vhimba, troops are now in the general area conducting searches and one body has been discovered and retrieved.

-In Ngangu and Rusitu searches are becoming difficult as boulders have covered all the areas which are suspected to have been habited by the people. Excavators and sniffer dogs have also been deployed to the affected areas to speed up the search and rescue operations.

-185 body bags have been received from National CPC

2.2 STATISTICAL SUMMARY

DISTRICT	DEATHS	BURIED	MISSING	INJURED	MAROONED	DISPLACED
BUHERA	1	1	0	6	0	2920

STATISTICAL INFORMATION ON RECEIPT AND DISPATCH

See statistical information attached:

Annexure 1 &2 dated 24/03/19 as at 1800hrs

Notes: please note that quantities of food distributed may not tally/relate to the numbers fed as beneficiary communities are feeding in a communal manner as per their culture of assisting each other.

The mode of transportation is limiting quantities from FDPs that is helicopters and 4x4 pick up trucks

BURIAL ORDERS

- Chimanimani district has issued 93 burial orders while Chipinge has issued 5 burial orders.
- Some communities are conducting burials without obtaining burial orders.

PROGRESS IN PSYCHO-SOCIAL SUPPORT AT A GLANCE

- Out of an estimated 49500 children 9900 children have been reached with services.
- For alternative care arrangements which include foster care and places of safety, 81 children have been provided with services.
- 112 unaccompanied minors and separated children have been assisted out of an estimated 181.
- Counselling and Psychosocial Support is to be provided for the whole population of Chimanimani affected wards which is estimated at 82500 as in one way or another they have been affected.
- 9000 households out of 16000 households are to benefit from food assistance.

The following statistics refer to Chimanimani District alone where an assessment has been completed

Harmonised Service Provision List	TARGET			SERVICES PROVIDED PROGRESS		
	Females	Males	Total	Females	Males	Total
Protection Services Including Children						
Protection Services for children		49500			9900
Alternative Care arrangements (Place of safety, foster care)	76	44	120			81
Unaccompanied minors and separated children	85	96	181			112
Family reunifications	412	520	932			
Counselling and Psychosocial support	49500	33000	82500			236
Transportation Assistance (voucher, emergency fund) for protection services and injuries (still to validate data)			82500			
Medical Assessments for protection services-injuries (Still to consult and validate with Health PMD)						
Welfare Services						
Food assistance			16500 H/Hs			12000+ H/Hs
Education Assistance (Not known)						

Health Assistance (to confirm)						
Burial orders						93
Disability Assistance (Still to confirm with health)						
Clothes assistance	49500	33000	82500	Refer to the statistical information attached		

INITIAL FINDINGS OF ONGOING ASSESSMENT IN THE PROVINCE

Chipinge District

Tongogara Refugee Camp-

TRC POPULATION	HOUSES/ HUTS DAMAGED	NUMBER OF INTERNALLY DISPLACED PERSONS	NUMBER OF AFFECTED CHILDREN	DEATHS	INJURED	MISSING
12 000+	500	168	3500	Nil	2 (Children.)	Nil

- 18 families sought shelter in the old admin block with no doors and window panes.
- 64 families are now leaving in churches.
- 86 families have been provided with tents by United Nations High Commissioner for Refugees.

4.0 ROADS AND BRIDGES

ROAD SECTION/BRIDGE NAME	DESCRIPTION OF WORKS	TARGET COMPLETION DATE	PROGRESS TO DATE	COMMENTS	ESTIMATED COST
At 31km (Rutengeni), Birchnough-Chipinge Road	Detour construction	19/03/19	Detour construction completed		

At 31km (Rutengeni), Birchenough-Chippinge Road	Road repair works	30/04/19		Repair works are to start	
11km culvert on Skyline water falls	Backfilling of Culvert washed away	21/03/19	completed		
Heatfield to Peacock-15km	Gravelling and grading of 15km of road	24/03/19	In progress	Works need to be done on the section between Charter and Chimanimani	
Wengezi-Chimanimani	Backfilling of approaches washed away on 6 bridges	30/06/19	Mobilisation in progress		
Skyline waterfalls	Clearing of landslides	21/03/19	completed		
Wengezi-Chimanimani	Clearing of landslides and rock falls	30/06/19	Mobilisation in progress		
Charter-Chimanimani	Repair works to washed away road section	30/04/19			
Chimanimani Urban Roads	108 km of road to be repaired in Chimanimani road network	31/12/19	Authority looking for funding to the tune of \$24.6 million		
Nyahodi-Gata-Mutakura	Assessment and repairing of the road	31/03/19	Assessment to be done		

- Nhedziwa foot-bridge to be constructed.

5.0 HEALTH COMMITTEE

5.1 Patients

-A total of 80 patients were airlifted to medical centres.

HOSPITAL	NO. OF PATIENTS
Chipinge Hospital	55
Mutambara Hospital	3
Mutare Provincial Hospital	7

Note: a total of 232 patients have received medical attention, 47% males and 53% females

3% of the total population are under 5

5.2 Medical Supplies

-3months medical supplies have been dispatched to the following centres

Biriiri Hospital

Ngorima clinic

Ngangu clinic

Mutambara Hospital

Chipinge Hospital

Muchadziya clinic Chimanimani Vaccination for Children section and staff house was destroyed

- Natpharm has provided 60% of the medical requirements
- Wattle Company has donated RTGS\$10000 for specialist medical supplies
- There are medical supplies from part of the Tanzania consignment which are prepositioned at Silverstream FDP for health institutions around the area
- There were medical supplies from Econet which were not known by the PMD.

5.3 Human Resources

Refer to table: Annexure 3 list of Medical Doctors

A total of 42 doctors were deployed through the PMD's Office. The breakdown was as follows

- 31 were from ZIMA/Miracle Mission
- 5 were from PMSI
- 3 from ZIMA Mutare
- 2 from MSF
- 1 from Red Cross

A total of 8 doctors were deployed by the Presbyterian

Since we are no-longer receiving patients with injuries requiring urgent medical attention we have scaled down the emergency medical response. Starting 23 March 2019 the doctors were returning to their stations.

Temporary mobile clinic has been established at Vimba. Another one will be established at Kopa

Challenges

- . 50000 has been transferred from head office

<u>Challenge</u>	<u>Recommendation/Action Taken</u>
Inadequate food for patients and response staff	RTGS\$ 50000 has been transferred from head office

6.0 TRANSPORT

Statistical Summary

DISTRICT	Lorries		Light 4x4 truck		Other		Helicopters	
	Required	Available	Required	Available	Required	Available	Required	Available

6.1 Fuel

DIESEL			PETROL	
	Received	Dispatched	Received	Dispatched
Total	30 000	27 431	5 000	80
Balance		2569		4 920

Notes 16501 litres from Bitumen World – to be collected
 The Balance 2 569 is at CMED Mutare only and being issued by
 PETROL TRADE
 10000 litres of fuel confirmed at CMED Mutare.

7.0 SHELTER

Centre	Number of tents
Skyline	300
Ngangu	225
Rusitu/Kopa	200
Tanganda	10

-10 tents have been deployed at Tanganda for families whose houses/huts collapsed.

-95 tents have been deployed to Chimanimani Urban for affected households and creating a holding camp at suitable site.

-Sleepers tents for health providers have been erected at Skyline for health service providers together with 7 mobile toilets.

-ZFU has donated 1x100 seater tents and more are coming.

-More timber is expected from Allied Timbers (Gwindingwe Estates). 2000 poles from Allied Timbers are in Mutare. There is a total of 3679 poles. A shelter needs assessment is ongoing in conjunction with Red Cross, World Vision and UNICEF (Psycho-social support).

-2000 more tents are required.

Technocrats provided

NUST	Public Works and National Housing
<ul style="list-style-type: none"> • 2x Architectural Services • 1x Engineering Civil and water • 1x Town Planning and Urban design • 1x Disaster management • 1x Housing • 1x Technical support • Drones (Garwe of AFZ/PIO) • 2x driver • 2x ZOU counsellors 	<ul style="list-style-type: none"> • 1x Architect • 1x civil engineer • 1x Structural Engineer • 1x Electrical Engineer • 1x Mechanical Engineer • 1x Quantity Surveyor

8.0 WASH COMMITTEE

-5000 hygiene kits secured and distribution is on going.

-3200 Aqua Tablets, 1920 (200ml) water guards received at Ngangu Rural Clinic on 22 March.

-1x10000 collapsible tank was secured for water storage in Chipinge.

-Teams were carrying wash assessments in Buhera, Chipinge and Mutare.

-There is need for aggressive response in Chimanimani District

Water supply

Most ZINWA stations which were initially affected are now operational except Matendeudze and Biriiri water stations due to inaccessibility.

Chipinge town – The residents are receiving water from established water points through water bowsers and Jojo tanks. A team of technocrats from Zinwa is working to restore normal water supplies.

Chimanimani town – In Ngangu4 communal taps have been established at 4 points including Catholic centre and Ngangu Primary School. The water is currently being tapped from natural springs.

Waste management committee established at Skyline and Ronhowani. The committees are managing solid waste.

14	Bere Primary	- 2X2 squat hole ECD toilet – collapsed	\$9 000

TOTAL = US\$190 500

Two schools namely Ngangu Primary and Chimanimani Secondary are being used as holding camps by internally displaced families. Resultantly, the schools are not functioning though not officially closed.

-A total of 33 primary schools and 10 secondary schools are not operational because learners cannot access the schools due to flooded rivers or teachers are not at the school.

-We have recommended that the affected schools be officially closed two weeks earlier and open two weeks later.

N.B Some School Heads could not be reached due to network problems.

10.0 POWER

-Inspections are underway. The main line from Chipinge to Chimanimani has more than 300 poles washed away and an alternative shorter route has been established from Silverstream to Charter which is 22km.

- 5 contractors are working on the alternative Silverstream to Charter line and the main power-line from Clearwater to Charter.

-2 more contractors have been tasked to work on the Chimanimani Urban lines.

-One 30tonne truck load of conductors and 3x30tonne trucks of poles for the Silverstream to Charter line have been delivered to Chipinge.

- Works on the Mt Selinda to Chipinge are in progress.

-Mutambara Mission and Nhedziwa growth point have been reconnected to electricity.
